WORK EXPERIENCE

ASTRAZENECA – POWER PLATFORM ASSISTANT / JUNIOR POWER PLATFORM EXPERT

January 2025 – June 2025 | Gothenburg, Sweden

- Developed and supported the "Training Analysis (Feedback)" solution using Power Apps, Power Automate, Dataverse, and Power BI
- Analyzed and optimized business processes through automation and low-code solutions

STAR REPUBLIC AB (SQLI) – SYSTEM DEVELOPER

January 2022 – April 2022 | Gothenburg, Sweden

- Contributed to the InRiver project, a large-scale enterprise PIM system with extensive third-party integrations
- Integrated the platform with multiple e-commerce systems using Azure Service Bus and integration channels
- Designed, developed, and maintained integration services to ensure reliable data flow and system synchronization

SIGMA TECHNOLOGY GROUP – SOFTWARE DEVELOPER

2020 – 2021 | Gothenburg, Sweden

- Developed backend services for the "Giving People" mobile application
- Designed and implemented RESTful APIs using .NET, SQL Server, and Entity Framework

GOTHENBURG CITY – SUBSTITUTE ASSISTANT NURSE/ EXTRA & SUMMER JOB

June 2022 – NOW | Gothenburg, Sweden

I work as a substitute assistant nurse alongside my studies and during the summer. I am registered with several different elderly care homes and work where there is a need for staff when I am available. I have experience working in both somatic care and dementia care. My duties also include medication handling through delegation. I currently work mainly as night staff, but I also have experience working day shifts.

ETEHAD BUILDING PRODUCTS – SALES AND MARKETING MANAGER

2009 – 2015 / Iran

- Managed sales and marketing for a large national wholesaler of building materials and pipes
- Led a team of 8 staff responsible for customer acquisition, sales follow-up, and client relationships
- Worked with customers across different cities, including construction material shops, retailers, and business clients
- Supported large orders, negotiations, and government tender opportunities
- Developed sales strategies to expand the customer base and increase sales performance

ABLOLE POLYETHYLENE FACTORY – MARKETING AND SALES REPRESENTATIVE

2007 – 2009 / Iran

- Identified and contacted potential new customers for polyethylene products
- Presented the company's products and explained their value to prospective clients
- Persuaded new customers to place their first orders and start cooperation with the company
- Handed over new customers to the sales department for continued order handling and follow-up
- Focused on customer acquisition, lead generation, and opening new business relationships
